

Reviewing Questions

Here are a series of questions to prepare for the event. You can use these questions to help the teams explain their journeys, what they learned and created.

Challenge Solution

- What did your team learn about the biodiversity?
- How do different plants, animals, and other living things depend on each other?
- What can people do to help living things and their habitats thrive?

Core Values

- What was the best thing about being on a team? What was the hardest part about working on a team?
- What skills did you learn from each other?
- How did each member contribute to the Team Model? Team Poster?

Team Model

- Can you describe your team model?
- How did you include your Explore Set (Tree Canopy, Lifting Platform & the Animals) in your team model?
- What did your team build or add to your Team Model?

Coding

- Can you show me what your code makes your model do?
- Did you have to change your code to make it work the way you wanted? What did you change?
- Can you explain your code to me - step by step?

Team Poster

- What did you include in your team poster?
- How does it show your team journey?
- What is your favorite thing on your Team Poster?
